Four Futures: Visions of the World After Capitalism ... Capitalism is going to end Peter Frase argues that increasing automation and a growing scarcity of resources, thanks to climate change, will bring it all tumbling down. In Four Futures, Frase imagines how this post-capitalist world might look, deploying the tools of both social science and speculative fiction to explore what communism, rentism, socialism and exterminism might actually entail.

Four Futures: Life After Capitalism by Peter Frase Verso's Jacobin series is supposed to bring you interesting "interrogations of politics, economics, and culture from a socialist perspective," and by that definition, Four Futures succeeds. I found this title to be a decent launch point for some needed conversations.
